PROUDLY DESIGNED ELEVATED WATER STORAGE

SBS® is a leader in the water security industry. We offer premium, innovative water and liquid storage solutions to the Municipal, Mining, Fire Protection and Commercial sectors.

Our tried and tested, technologically advanced water storage tanks can be elevated to boost water pressure and supply.

WHY CHOOSE AN ELEVATED TANK?

- Elevated tank solutions for increased water pressure delivery
- SBS® has been trusted by municipalities for over 20 years
- Elevated tank range up to 227kl gross capacity at 15 metres
- Tanks commissioned immediately, no waiting time
- 65+ year lifespan
- 10-year no leak warranty for liner
- Internationally approved liner for the safe storage of drinking water.
